**VI. ACTION ITEMS**

- a. Discussion and Possible Approval of a Resolution Rescinding the Current SAWA Stipend Policy

Mr. Brady reported that on March 26, 2015, at the direction of the Board of Directors, a stipend policy was approved. This policy provided for the monthly distribution to Board agencies the sum of \$1,500 to \$1,875 to defray Board member expenses while serving on the SAWA Board. The monthly amounts have increased by the cost-of-living adjustment contained in each succeeding year's SAWA budget. Currently, the monthly stipend stands at \$1,618 to \$2,023. SAWA By-laws, Section 307, provides for just and reasonable reimbursement of Directors' expenses. Based upon a review of the last nine months of Director Activities, staff believes it is in SAWA's best interests to eliminate fixed monthly stipend payments in favor of Directors submitting individual expense requests. Mr. Brady recommends that the Board rescind the current stipend policy and payment process, effective April 1, 2019. Eliminating the current stipend would save approximately \$47,000 for calendar year 2019. Thereafter, savings accrue at approximately \$65,000 per year.

Director Mills moved to rescind the current stipend policy and payment processes effective April 01, 2019. Director Alternate Johnson seconded and the motion passed unanimously, 5-0

**b. Discussion and Possible Approval to Proceed with ILF Project**

Mr. Brady reported that on June 13, 2013 SAWA was informed by the Army Corps of Engineers (ACOE) that its In Lieu of Fee (ILF) program was being suspended until such time as a new program could be developed to comply with ACOE regulations adopted in 2008. In response to this suspension, SAWA's former Executive Director, with the assistance of SAWA's legal counsel, developed a new program instrument to reflect the new requirements. The proposal was submitted to ACOE in September 2013 for comment. ACOE has taken no action on the SAWA proposal. A 2019 SAWA strategic goal is to reinstate the ACOE ILF program and deploy related restricted funds. To this end, SAWA staff and Director Parkes met on January 29, 2019 with Michael Sweesy Principal Habitat Restoration Specialist at Dudek. Dudek submitted a proposal to assist the SAWA to resolve outstanding issues associated with the suspended In-Lieu Fee program with the ACOE. The proposal incorporates the scope of work discussed at the January 29, 2019 meeting and subsequent communications from SAWA staff. Mr. Brady recommends that the Board of Directors approve the Dudek SAWA In-Lieu Fee Program Proposal, dated February 8, 2019 and authorize the Mr. Brady to sign all contract related documents.

Director Mills moved to approve the Dudek SAWA In-Lieu Fee Program Proposal and authorize Executive Director Mr. Brian Brady to sign all contract related documents. Director Parkes seconded and the motion passed unanimously, 5-0
