Section 305 of SAWA By-laws call for the election of SAWA Board Officers at the annual meeting to be held on the fourth Thursday in September. Section 400 identifies

the Officers of the Corporation as the Chairperson, the vice Chairperson, the Secretary, and the Treasurer.

Chairperson Neugebauer opened the nominations for office of Chairperson. Director Parkes moved to nominate Director Neugebauer.

Director Russell asked Director Neugebauer what he believes his accomplishments have been over the last five years that would make him (Mr. Russell) want to vote for him (Mr. Neugebauer) for a sixth term.

Director Neugebauer stated that he thinks the organization has continued to be stable and is looking at other avenues of revenue bringing in for the group. Mr. Neugebauer also thinks that SAWA has a great executive director providing leadership for the staff. Director Neugebauer believes those are a few things that have been beneficial to the organization and would like to hope for support again for another year.

Director Zembal added one of the reasons why he likes Director Neugebauer being in the chair position is simply because of his demeanor. Mr. Zembal believes he comes across as very thoughtful and engaging. Mr. Neugebauer researches the issues and comes at them with a fairly good knowledge of what he is talking about. Director Zembal believes Director Neugebauer presents a good face for SAWA and believes SAWA has benefited over the last several years having Director Neugebauer as Chairperson partly because of that.

Mr. Powers informed that the by-laws, section 301, do not contain a term limit. There is nothing that prohibits someone from serving a certain amount of time.

The following are the committees approved by the Board: Administration (policies and procedures, human resources, and legal); Audit and Finance (accounting, budget, purchasing, and investment). Director Russell recommends that if an item comes up on either committee that requires the whole board be involved, that the board call a special meeting in order to have that level of participation.

Director Zembal expressed that he would like to make sure that when any committee meeting occurs that all board members be notified of the meeting and agenda so each board member can decide at their own discretion if they would like to attend based on what is on the agenda.

Director Russell expressed his concern with board members who are not on a committee wanting to participate in the committee meeting. Board members would have to speak during public input. If there are certain items discussed, the whole board should be involved and therefore Mr. Russell believes a special meeting should be called.

Mr. Brady stated that staff would take direction from the board on any item that goes before committee. If there is enough interest, it would then be noticed as a special meeting.

Mr. Powers informed that all committees have the power to refer any matter up to the board.
